

Sunny Vale Middle School A+ Success Club

Students from Blue Springs High School will provide tutoring sessions for Sunny Vale Middle School students. These high school students are participating in the state funded A+ Program, which offers free community college or technical tuition to qualifying students. To qualify, students must maintain a 2.5 GPA, 95% attendance, good citizenship and do fifty hours of tutoring/mentoring during the student's high school experience.

Several of the A+ candidates will be providing tutoring/mentoring to students at SVMS. Tutoring for 7th and 8th grade students will be held each week on the following day:

Wednesdays from 3:10-4:00 pm

Beginning date: September 28, 2011

Location: Check poster in commons for weekly classroom location

Sunny Vale Middle School students will be responsible to bring homework, projects or materials to study for tests to the tutoring sessions. A+ tutors, along with a SVMS staff member, will be available to assist each student with their work. SVMS students may bring a healthy snack from home to enjoy during the tutoring sessions. **Students who do not have specific work to complete, should not stay for the tutoring sessions.**

We encourage students to take advantage of this opportunity to receive additional support with classroom assignments, as well as, getting to know some very "cool" Blue Springs High School students!
