Section 3A - GENERAL PERSONNEL POLICIES

3A.1 Statement of Guiding Philosophy (June, 2023)

It shall be the policy of the board of education to select personnel of the highest caliber available. All certified personnel shall, where possible, be qualified teachers with postsecondary degrees from fully accredited universities and the appropriate teaching certificate.

Any person employed by the Blue Springs R-IV School District will be encouraged, but not required, to live within the boundaries of the Blue Springs R-IV School District.

The school district agrees, as a condition of an individual's employment, that it shall defend, hold harmless and indemnify the employee from any and all demands, claims, suits, actions and legal proceedings brought against the employee in their individual capacity, or in their official capacity as agents and employees of the district, provided the incident arose while the individual was acting within the scope of his/her employment.

Organization and assignment of staff members shall be under the direction of the superintendent or designee. Assignment of teachers to teaching duties, extra-curricular duties, and arrival and departure for the school day shall be made by the building principal.

Rev. 8/1990, 6/2023

3A.2 Staff Conduct (June, 2023)

In addition to expectations in other board policies and directives from supervisors, district expectations for employees include, but are not limited to, the following:

1. Become familiar with, enforce and follow all applicable board policies and regulations, administrative procedures, other directions given by district administrators and supervisors, and state and federal laws.
2. Maintain courteous and professional relationships with students, parents/guardians, other district employees and the public. Transmit constructive criticism to the particular school administrator or supervisor who has the administrative responsibility to address the concern. Employees will not be disciplined for speech that is protected by law and are encouraged to share concerns with their supervisors.
3. Actively participate in professional development and obtain information necessary to effectively perform the employee's job duties.

3A.2 (continued)

4. Conduct all official business in a professional and timely manner. Meet deadlines set by the district, administrative staff, and supervisors. Conduct business with the appropriate designated person or department.
5. Care for, properly use and protect school property. Immediately report all dangerous building conditions to the building supervisor and take action to rectify the situation in order to protect the safety of students and others. Take appropriate action to prevent loss or theft of district property, and immediately report loss or theft of district property.
6. Attend all meetings called by supervisors or the district administration unless excused. Arrive at work and leave work at the time specified by the district or as directed by a supervisor, and follow district policies, procedures, and directives regarding absences. All nonexempt employees must receive permission from a supervisor prior to working overtime.
7. Keep all student records, medical information, and other legally protected information confidential. Submit all required documents, information, data or reports at the time requested. Employees must not falsify records, create misleading records, or compromise the accuracy and security of district data.
8. Properly supervise all students. The board expects all students to be under assigned adult supervision at all times during school and during any school activity. Employees must not leave students unsupervised except as necessary to handle an emergency situation.
9. Obey all safety rules, including rules protecting the safety and welfare of students.
10. Communicate appropriately and professionally in all educational settings. Employees will not be disciplined for speech that is protected by law and are encouraged to share concerns with their supervisors.
11. Dress in a professional manner that does not interfere with the educational environment and as directed by administrators or supervisors.
12. School employees shall not perform strip searches, as defined in state law, of students except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available.

3A.2 (continued)

13. School employees shall not direct a student to remove an emblem, insignia, or garment, including a religious emblem, insignia, or garment, as long as such emblem, insignia, or garment is worn in a manner that does not promote disruptive behavior.
14. State law prohibits teachers from participating in the management of a campaign for the election or defeat of a member of the board of education that employs such teacher.
15. Employees may not engage in political campaigning during the working day or during times when they are performing their official duties.
16. Employees will not represent their personal opinions as the opinions of the district and, to avoid confusion, are required to clearly indicate when they are speaking or writing as an individual and not a representative of the district.
17. Engaging and partnering with parent(s) and/or guardian(s) in the educational process is essential to student success and learning. District employees are expected to have positive, productive, and meaningful two-way communication between home and school and to promote a safe and open dialogue to keep parent(s) and/or guardian(s) informed about essential events in school. Staff members will also support and encourage students to maintain open communication about school events with their parent(s) and/or guardian(s).

3A.3 Equal Employment Opportunity and Hiring (June, 2023)

It shall be the policy of the Blue Springs School District to provide equal employment opportunity to all applicants by making the opportunity for employment and promotion available to every individual solely on the basis of his or her qualifications, and to avoid discrimination on the basis of sex, age, race, color, creed, physical or mental handicap or national origin.

Procedures to implement this policy shall be developed by the administration. For additional information regarding the district's prohibition on discriminatory, harassing, or retaliatory conduct, please consult policy sections 2.7, 2.8, 2.9, and 2.10.

Rev. 9/01, 6/2023

3A.4 Staff Benefits (June, 2023)

The Blue Springs School District offers benefits to full-time staff members. The extent and nature of benefits provided may

3A.4 (continued)

vary by employee group and work schedule. The definition of full-time employment in relation to benefits only is defined as working more than thirty (30) hours per week. In relation to benefits only, an employee working less than thirty (30) hours per week shall be considered part-time.

The district provides access to and contributes toward the cost of the following benefits for full-time employees:

1. Health Insurance or a group health plan
2. Dental Insurance
3. Life Insurance

Medical and dental insurance shall be made available to all full-time personnel by the board of education. The insurance year will be effective July 1 through June 30. Cost for this insurance will be effective July 1 through June 30. Cost for this insurance will be set annually by the board of education.

Any district health insurance contract or plan shall include a provision allowing persons who retire from the district to remain or become members of the plan if they are eligible to receive benefits under the Public School Retirement System of Missouri (PSRS) or the Public Education Employee Retirement System of Missouri (PEERS) by paying premiums. Premiums must be paid monthly with a 30-day past due grace period. Failure to make payment within this time period would result in termination of coverage. In addition, the retiree's spouse and children must be allowed to become members of the plan if they are receiving or are eligible to receive benefits under the PSRS or PEERS. Retirees and their spouses and children will have one year from the date of retirement to qualify and enroll in the coverage. Once that date has passed, if a retiree or his or her spouse or children discontinue district coverage, they are not eligible to re-enroll.

Section 125 Plan

A Section 125 Plan shall be provided for district personnel by the board of education. The district maintains the required master plan document and an adoption agreement that details the legal and employer-specific aspects of the district's plan, including the benefits that are offered, who is eligible to participate, and the manner of contributions and other legal notice.

Employee Investment Programs

The board of education offers pretax payroll deductions for any eligible employee who elects to participate in either a 403(b) or 457(b) investment program. The district does not match employee contributions to the investment program. The district must maintain and operate the 403(b) and 457(b) programs in accordance with IRS regulations and the Blue

3A.4 (continued)

Springs School District Retirement Plan document. An eligible employee becomes a participant in the investment program(s) by completing the required salary reduction agreement at least 30 days prior to the payroll deduction period, submitting the completed executed agreement to the district, and selecting an investment program vendor from the list provided by the district. A participant may revise or terminate his/her salary reduction agreement at any time and the change is effective the following pay date after a new salary reduction agreement is completed and submitted. The district vendor list shall contain the names of those vendors who have twenty (20) or more current employees making current contributions.

If a participant wishes to have an investment vendor considered for addition to the district vendor list, the participant or vendor must submit to the district a letter of intent signed by at least twenty (20) current employees or participants stating they wish to open an account or have a current account with the vendor. The vendor then must sign an Information Sharing Agreement with the designated third-party administrator. The district may remove an investment vendor from the district list if fewer than twenty (20) participants currently contribute to such investment vendor. The vendor will be given written notice of the board's intent to remove it from the district list and a reasonable time to provide a letter of intent with the names of twenty (20) or more current employees or participants who wish to open an account with the investment vendor. If removed from the district list, the investment vendor is no longer offered to new or current participants in the future. Current participants in the removed investment vendor may continue to keep their assets invested with and continue to make contributions to that vendor.

Worker's Compensation Insurance

All employees who suffer an injury during the course and scope of employment are entitled to benefits under the worker's compensation law including medical treatment by a provider designated by the district at district cost, payment of wages during a period of disability, and compensation for any permanent disability. If the employee is off work as a result of an injury for less than fourteen (14) days, the employee is entitled to take sick leave for the duration of any waiting period imposed by the fourteen (14) days, the waiting period will be paid in accordance with the worker's compensation law. Employees are not entitled to take sick leave in addition to or in combination with benefits received under the worker's compensation law other than for the waiting period as allowed herein.

3A.4 (continued)

Health Insurance Separation Benefit

All personnel of the Blue Springs R-IV School District are eligible for health insurance benefits upon retirement according to Chapter 169 of Revised Missouri Statutes.

A retired employee, as well as his/her dependents, shall be allowed to remain or become members in non-insurance health benefit programs, self-funded plans and insured plans by paying the premiums of said plans so long as the retired employee had been receiving or was eligible to receive health insurance benefits under board policy and such spouse/dependent meets contracted eligibility requirements.

A retired employee's surviving spouse and children shall be allowed to remain or become members of said plans providing the employee was receiving benefits or is within one year of retirement upon death.

Rev. 7/92, 9/01, 6/04, 4/23, 6/23

3A.5 **Copyright Restrictions** (June, 2023)

The board of education directs all personnel to comply with the amended 1976 Copyright Law, which prohibits the unauthorized duplication of copyrighted materials except as permitted by the guidelines for fair use.

Copyrighted materials, whether they are print or non-print, will not be duplicated unless such reproduction meets "fair use" standards, or unless written permission from the copyright holder has been received.

Details about "fair use" will be made available to all teachers. A summary of these standards will be posted or otherwise made easily available at each machine used for making copies.

The district does not sanction illegal duplication in any form. Employees who willfully disregard the district's copyright position are in violation of Board policy; they do so at their own risk and assume all liability responsibility.

Any materials produced by an employee (or employees) during contract hours shall be owned by the school district, and any civil rights of authorship are forfeited with payment of the employee's contract salary by the district for production of such materials. Additionally, any materials created by an employee that are derived from district curriculum, district licensed material, or district professional development shall also be owned by the district.

Rev. 8/1990, 6/2023

3A.6 Employment Procedures (June, 2023)

The Board of Education, upon recommendation of the Superintendent, votes on the employment of all certificated staff members. In approving applicants the Board will be guided by the desire to obtain individuals committed to providing the highest quality education for the district's students. Any applicant who provides false information or inaccurate academic credentials will immediately be removed from consideration.

No person will be employed by the district until the district conducts a criminal records check pursuant to requirements of Missouri Statutes and regulations. Prior to beginning employment as a teacher, information will be obtained regarding any individual who had previously been employed by a Missouri school district or charter school. The Superintendent/designee shall obtain from the Department of Elementary and Secondary Education the identity of the school district or charter school that had previously employed the applicant. The district will contact the former employer to determine if such applicant had been terminated or resigned in lieu of termination; or against whom allegations of sexual misconduct had been substantiated by the Children's Division.

All persons employed by outside vendors/contractors who will have contact with students will be required to successfully undergo a criminal records search by their employer complying with requirements of Missouri statute and regulations prior to contact with students. Such background checks will be performed at the vendors/contractors' expense and will be shared with the district. All finalists for an employment position will be required to sign a release of liability authorizing prior employers, including school districts, to furnish any information about the applicant and the applicant's work performance, including but not limited to discipline records and performance evaluations. The administration may also conduct random background checks after employment. Failure to check references and prior employment for new hires prior to their start date may result in disciplinary action up to and including suspension without pay.

All district employees who are authorized to access the Missouri Automated Criminal History Site (MACHS) will only use such criminal history information for purposes of verifying qualifications for employment. The district will not create copies of the criminal record for employment record purposes and will not disseminate the record, except as permitted by law.

The district will designate a full-time employee, who will be fully trained in the Missouri Highway Patrol's automated criminal history site (MACHS), to serve as the District Local Agency Security Officer (LASO). The district's LASO Security

3A.6 (continued)

Officer will be responsible for implementation and oversight of the District's Use of MACHS for all applicants. Any employee who attempts to access MACHS without authorization, improperly disseminates an applicant's criminal history record or facilitates unauthorized access to MACHS, will be subject to disciplinary action up to and including termination. Such improper use of the MACHS system constitutes an "incident" requiring reporting. Immediately upon knowledge of an "incident," the District's Local Agency Security Officer (LASO) will be notified, in writing, describing the "incident." The LASO Officer will then notify the Missouri Highway Patrol with the details of the "incident."

The Superintendent or his designee is the person who shall respond to requests from potential employers for information regarding a former district employee. The information the district should provide is title, position, length of employment, whether the employee was terminated or resigned, and whether the district would re-hire the employee.

Additionally, when requests for information from any public school regarding a former employee against whom allegations of sexual misconduct involving a student have resulted in a determination by the Board of an actual violation of sexual misconduct pursuant to Board Policy; a resignation in lieu of termination; or allegations of sexual misconduct that have been substantiated by Children's Division, the Superintendent or his designee shall disclose to the requesting school the allegations of sexual misconduct and the findings of a Children's Division investigation.

Any school district employee who is permitted to respond to requests for information, acting in good faith, who reports authorized information, as provided in this policy or, who, in good faith, reports alleged sexual misconduct on the part of a District employee, will not be disciplined or discriminated against because of such report.

This foregoing policy is intended to comply with the Amy Hestir Student Protection Act and section 162.068 RSMo. The district shall provide notice of this policy to all current employees and to all potential employers who contact the District regarding the possible employment of a District employee.

Certificated Staff

All staff members shall be appointed by the Board only upon recommendation of the Superintendent. Should a person nominated by the Superintendent be rejected by the Board, it shall be the Superintendent's duty to make another nomination.

3A.6 (continued)

The Superintendent or designee shall assure that all persons nominated for employment meet certification requirements and the qualifications established for the particular position.

Interviewing and selection procedures shall assure that the principal or other administrator to be directly responsible for the work of the staff member has, to the extent possible, an opportunity to aid in his/her selection; however, the final selection shall be made or approved by the Superintendent.

All candidates shall be considered on the basis of their merits and qualifications and the needs of the school system. In each instance the Superintendent and others playing a role in the selection shall seek to hire the best-qualified person for the job. No person shall on the basis of sex, race, religion, national origin, marital status, age or disability that will not impair performance be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment for recruitment, consideration, or selection, therefore, whether full-time or part-time, certificated or noncertificated, under any educational program or activity operated by the district.

Teachers must possess an appropriate and valid teaching certificate. If the teacher does not already have a teacher's certificate or has not made arrangement to secure it, he/she should contact the office of the Superintendent/designee at once to make such arrangements. This certificate, along with official copies of transcripts showing all college hours and degrees must be kept on file with this office.

Support Staff

Letters of employment for support staff are issued as soon as feasible after salary schedule and terms have been approved by the Board. The number of work days for support staff personnel will be set by the Board based on classification and responsibilities. Support staff employees will be paid on the Board-approved salary schedule.

Immigration Reform and Control Act

The federal Immigration Reform and Control Act requires all employers to hire only American citizens and aliens who are authorized to work in the United States in order to preserve jobs for those who are legally entitled to them. The District will implement the following procedures to assure compliance with the law:

1. Any employee hired after November 6, 1986, will complete an Eligibility Verification Form (Form I-9), and will produce documents that will establish his/her identity and eligibility to work. (Form I-9 contains a list of documents that will fulfill this requirement.)

3A.6 (continued)

2. The district will retain an individual's Form I-9 for three years after the date of hire or one year after the individual is terminated, whichever is later.
3. The form may be reviewed by the Department of Homeland Security (DHS) and potentially by other federal agencies. In order to minimize potential intrusion, Eligibility Verification Forms will be maintained separately from the employee's personnel files.

For further information concerning the procedures surrounding the Form I-9 or the district's obligations under the Act, consult the Department of Human Resources.

Missouri Automated Criminal History Site (MACHS)

Applicants whose fingerprints have been taken as part of the MACHS criminal record check, as required by the district, are entitled to the following rights:

1. Notification that the applicant's fingerprints will be used to check the criminal history records of the FBI.
2. If the applicant is determined to have a criminal record, he/she will be provided with an opportunity to challenge the report.
3. Applicants determined to have a criminal history record will be advised of the procedure for obtaining a change, correction or update within Title 28 Code of Federal Regulation.
4. If the applicant has a criminal record history, the applicant will be given a reasonable amount of time to correct the record before employment is denied because of the criminal history.

3A.7 Drug-Free Workplace (February, 2010)

Each employee of the district is hereby notified that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the workplace. Controlled substance means a controlled substance in schedules I through V of the Controlled Substances Act (21 U.S.C. 812), and as further defined by regulation at 21 CFR 1308.11 through 1308.15. As a condition of employment, each employee must agree to abide by this policy and shall notify the district no later than five (5) days after conviction of any criminal drug statute for a violation occurring in the workplace. Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes. Criminal drug statute means a criminal statute

3A.7 (continued)

involving manufacture, distribution, dispensation, use, or possession of any controlled substance. Any employee who violates this policy shall be subject to discipline up to and including termination of employment for even a first offense.

The purpose of this policy is to communicate the district's position on alcohol and drugs in the workplace and to provide guidance about how the policy will be implemented within the district.

Rev. 6/98, 2/10

3A.7.1 Substance Abuse (February, 2010)

Student and employee safety is of paramount concern to the Blue Springs School District board of education. In recognition of the threat to safety posed by employee use or possession of drugs and alcohol, the board of education commits itself to a continuing good-faith effort to maintain a drug-free workplace. The board of education shall not tolerate the manufacture, use, possession, sale, distribution or being under the influence of controlled substances, alcoholic beverages or unauthorized prescription medications by district employees on any school district property; on any district approved vehicle used to transport students to and from school or district activities; off district property at any district-sponsored or district-approved activity, event or function, such as field trip or athletic event, where students are under the supervision of the school district; or during any period of time such employee is supervising students on behalf of the school district or is otherwise engaged in school district business.

It is not the intent of this policy to prohibit the possession or use of legally prescribed controlled substances for medical reasons by the individual for whom the medications are prescribed. However, it is the responsibility of the employee to inform his/her supervisor if such medication may temporarily impair the employee's ability to safely and satisfactorily perform duties. If such impairment affects performance on a continuing basis, the employee shall consult with his/her physical to determine if medical adjustments may be made.

Substance Abuse Policy Dissemination

All employees are to be informed of the school district's substance abuse policy. Employees shall

3A.7 (continued)

be given a copy of the substance abuse policy and shall be required to sign an Acknowledgement of Receipt and Understanding. See **Appendix 3A(1)**. A copy of the Announcement of Substance Abuse Policy, see **Appendix 3A(2)**, will be posted in each work site in the school district.

Definitions

Illegal Drugs - "Illegal drugs" are drugs or controlled substances which are (1) not legally obtainable, or (2) legal obtainable but not obtained or used in a lawful manner. Examples include but are not limited to alcohol, cocaine, heroin and marijuana (or their derivatives and related substances), as well as prescription drugs which are not lawfully obtained or properly utilized. The term "illegal drugs" also includes mind-altering and/or addictive substances that are not sold as drugs or medicines, but are used for the mind or behavior-altering effect.

Legal Drugs - "Legal drugs" are those prescribed or over-the-counter drugs that are (under U.S. law) legally obtained by the employee and used for the purpose for which they were prescribed and sold.

District Premises and Property - The term "district premises and property" includes: lockers, desks, closets, work sites, rooms or offices, parking lots, vehicles, employee-owned or employee-rented vehicles on the property of the district; and locations anywhere the employee represents the district in any capacity.

On Duty - The term "on duty" includes any time an employee is on school property and/or responsible for the supervision of students.

Clean Test Results - "Clean Test" results are results that indicate no trace of alcohol or drugs in the employee's system other than properly used prescription medication (legal drugs).

Illegal Drug Prohibitions

The use, sale, purchase, possession, manufacture, distribution or dispensing of illegal drugs on school district property and/or premises while on duty is against district policy.

It is also against district policy for any employee to report to work or to work (duty) with the presence of illegal drugs in the employee's body.

3A.7 (continued)

Employees may be asked to submit to a drug test based on reasonable suspicion that their ability to perform work safely or effectively may be impaired. It is a violation of this policy to refuse to submit to, attempt to tamper with or fail to pass a drug test.

If any district administrator, supervisor or other employee believes that reasonable suspicion exists that any of the prohibited actions has occurred, that person should report his or her findings and observations to the immediate supervisor or the assistant superintendent - human resources.

Alcohol Prohibitions

The consumption, possession or being under the influence of alcohol on school district property or while on duty is prohibited.

It is against the district's policy to report to work (duty) under the influence of alcohol or to work under the influence of alcohol.

3A.7 (continued)

An employee may be suspended with pay under this policy pending the results of a drug test or investigation.

Confidentiality

Results of an employee's test for the use of illegal drugs or alcohol shall be transmitted to the human resources department. In order to effectively address the employee with drug or alcohol problems, it will be necessary for the assistant superintendent-human resources to consult with other persons in the process. Rev. 6/98, 2/10

3A.8 **Exempt and Nonexempt Employees Definitions** (June, 2023)

Exempt Employees: Those employees whose duties and compensation meet the requirements to be an exempt executive, administrative, professional or computer employee as defined in federal law and who are not eligible for overtime compensation or compensatory time.

Hours Worked: For the purposes of this policy, hours worked means all hours during which the individual is required to be on duty (generally from the required starting time to normal quitting time) and all hours an employee is permitted to work, in accordance with law. Meal periods of 30 minutes or longer and break periods of 20 minutes or longer do not count as hours worked as long as the employee is relieved of all duties and is free to leave his or her duty post. Breaks for nursing mothers to express breast milk are also not considered as hours worked.

Nonexempt Employees: This includes all district employees not specifically identified as exempt under federal law. This generally includes noncertificated staff; however, in some circumstances noncertificated staff members may qualify for exempt status. The Board directs the superintendent to ensure that job positions are classified as exempt or nonexempt and that employees are made aware of these classifications.

3A.8 (continued)

Employees in doubt about their status should contact their immediate supervisor or the Department of Human Resources.

Overtime: Actual hours worked in excess of 40 hours in a workweek.

Compensation

Exempt and nonexempt employees will be compensated in accordance with the applicable Board policy. Unless otherwise permitted by law, exempt employees will be compensated on a salary basis. Nonexempt employees may be compensated on either a salary or hourly basis, although amounts paid for overtime work and deductions for unpaid leave will be calculated using an employee's regular hourly rate of pay. The district will comply with minimum wage laws, when applicable.

Overtime

The Board discourages overtime work by nonexempt employees. A nonexempt employee shall not work overtime without the express prior approval of his or her supervisor. Nonexempt employees who begin work earlier or work later than their assigned hours without prior authorization from their immediate supervisor are subject to discipline, including termination.

3A.9 **Employee Lists** (June, 2023)

Lists containing names, addresses, e-mail addresses, and telephone numbers of employees are confidential and shall be used for intra-district purposes only. Such lists shall not be used by employees for personal, professional, or political bulk mailings, e-mails, or distributed to individuals or organizations not employed by or affiliated with the district and shall not be distributed to any business without approval of the Superintendent or designee.

Rev. 5/1998, 6/2023

3A.10 **Trips to Professional Meetings** (March, 2010)

No staff member shall be absent from his regular assignment for the purpose of attending professional meetings without prior approval and authorization of his supervisor.

The following staff members may attend one national convention at board expense during each year with the approval of the superintendent or his/her designee.

- Deputy Superintendent
- Assistant Superintendents of Schools
- Department Directors
- Principal, Senior High School
- Principal, Middle School
- Principal, Elementary School

3A.10 (continued)

The superintendent of schools may designate assistants, directors, principals, or assistant principals to attend other meetings for the benefit of the school district if the welfare of the district demands. Other staff members desiring to attend national, regional and state meetings may do so according to the following conditions:

1. The board of education or superintendent of schools may direct or request a staff member to attend such meeting or meetings as in their opinion shall serve the best interest of the schools. In such instances the board of education shall assume the cost of meals, transportation and lodging as well as cost of substitutes. No deduction shall be made from salary or leave time.
2. Delegates may apply for permission to attend an annual state teachers' convention providing they are organized locally with a charter filed with the board of education and are registered as an official delegate. 3A.10.1 **Travel Expenses** (May, 2016)

The district will pay for travel expenses for district employees and Board members who travel outside the district for training, professional development, attendance at district-related meetings or for other approved reasons related to their positions with the district. No employee shall travel at District expense without prior approval from their supervisor. All persons traveling at the district's expense are expected to use good judgement, differentiate between expenditures for business and those for personal convenience and avoid unnecessary fees and excessive charges.

Travel expenses that are charged to a federal grant or fund award must first be approved in writing by the superintendent or designee who oversees that particular federal program and, when required, the state or federal contact overseeing the federal funds at the Missouri Department of Elementary and Secondary Education (DESE). Failure to give notice of the intent to retire by December 1st may affect the eligibility of administrative personnel for district retirement benefits outlined in **Appendix 3A(4) through 3A(13)**.

See **Board Policy 3C.14** (certified) or **3D.8** (classified) and **Appendix 3A(4) thru 3A(13)** for district retirement program regulations.

No payment for service can be made until the above certificates have been filed with the appropriate personnel.

3A.13 (continued)

A State withholding tax is retained for the Missouri Department of Revenue. The amount withheld is determined in the same manner as the Federal Income Tax. Employees may authorize additional sums to be withheld by notifying the payroll department in writing and completing a new W-4 form indicating the additional amount to be withheld each pay period. No salary checks will be issued until all withholding forms are submitted.

Tax Sheltered Annuities

The School District provides for payroll deduction and processing for employees participating in tax-sheltered annuities.

Additional Deductions

Any staff member may authorize additional voluntary deductions for payment of tax-sheltered annuities, dues to professional organizations, credit union, and dependent coverage for medical benefits.

The district will make all deductions as required by law and will make deductions when presented a garnishment, wage attachment or other legal order. The superintendent or designee may authorize an administrative fee for processing these mandatory deductions when allowed by law.

In addition, the district may make deductions from an employee's salary or wages for unauthorized absences, absences for which there is no paid leave or absences that exceed the paid leave provided to the employee. The district may also make deductions for disciplinary purposes, such as an unpaid suspension, in accordance with law and district policy.

The district may make deductions when an employee clearly owes the district money and the deduction does not otherwise violate the law.

3A.13 (continued)

Salary deductions for exempt employees shall be computed by dividing the salary, excluding extra-duty pay, by the number of days in the contract period. Deductions for nonexempt employees shall be based upon the hourly rate of the individual employee.

Individuals new to this district who are members of the Public School Retirement System shall inform human resources department at the time of employment. 3A.15 Infectious Disease - Employee (June, 2023)

The school board recognizes its responsibility to protect the health of students and employees from the risks posed by infectious diseases and also the responsibility to uphold the rights of affected individuals to privacy and confidentiality, to continue their employment and to be treated in a nondiscriminatory manner.

Standard Precautions

The district requires all staff to routinely observe standard precautions to prevent exposure to disease-causing organisms, and the district should provide necessary equipment/supplies to implement standard precautions.

Categories of Potential Risk

Employees with infectious diseases that can be transmissible in school and/or activity related settings (such as, but not limited to, chicken pox, influenza, staphylococcus, coronavirus, and conjunctivitis) should be managed with the guidance and consideration of the following, as specified in: (a) the most current edition of the Missouri Department of Health and Senior Services document entitled: *Prevention and Control of Communicable Diseases: A Guide for School Administrators, Nurses, Teachers and Day Care Operators*; and (b) documents references in 19 CSR 20-20.030; and (c) any specific guidelines / recommendations or requirements promulgated by the local county or city health department. A medical release may be required of the employee in certain circumstances.

An employee infected with a blood-borne pathogen such as Hepatitis B virus (HBV), Hepatitis C (HCV), or Human Immunodeficiency Virus (HIV) poses no risk of

3A.15 (continued)

transmission through casual contact to other persons in a school setting. Employees infected with one of these viruses shall be allowed to continue work without any restrictions which are based solely on the infection.

Exceptional Situations: There are certain specific conditions (for example, frequent bleeding episodes or uncoverable, oozing skin lesions) which could potentially be associated with transmission of both blood borne and non-blood borne pathogens. No employee, regardless of whether he or she is known to be infected with such pathogens, should be allowed to continue work unless these conditions are either absent or appropriately controlled in a way that avoids unnecessary exposure.

Specific mechanisms should be in place to ensure the following are consistently done:

- The designated school administrator when appropriate, should be informed of any staff member who has recurrent episodes of bleeding or who has uncoverable, oozing skin lesions.
- The designated school administrator when appropriate, should be promptly informed of any employee with an illness characterized by a rash.
- The designated school administrator shall be informed of any instance in which the significant potential for disease transmission occurs.

Confidentiality

The superintendent or designee shall ensure that an employee's confidentiality rights are strictly observed in accordance with law. Security of medical records will be maintained and such records will be kept separate from other personnel records. Breach of confidentiality may result in disciplinary action.

Training - Employee

The district makes information available regarding standard precautions and infectious disease guidelines. Employees shall review this information annually. The district requires employees to follow standard precautions to prevent exposure to infectious diseases.

Testing - Employee

Requiring medical evaluations or tests of employees will not normally be authorized under the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act. Schools may require post-offer, pre-employment or annual physical examinations if the exam is job-related and if conducted on all employees or applicants for similar positions. Requiring medical

3A.15 (continued)

evaluations or tests for infection with blood borne pathogens is not allowed by law.

Reasonable Accommodations

The Blue Springs School District shall respond to employee requests for reasonable accommodations when an employee has a disability as defined by Section 504 and/or the ADA.

Reporting and Disease Outbreak Control

Reporting and disease outbreak control measures will be implemented in accordance with state and local laws and Department of Health and Senior Services guidelines governing the control of communicable and other diseases dangerous to public health, and in giving consideration to any applicable guidelines promulgated by the appropriate county or city health department.

Rev. 7/96, 2/10, 12/21, 6/23

3A.16 **Technology Resources and Staff-Related Data Governance** (June, 2023)

The school board generally supports access by students and staff to Technology Resources. The district's Technology Resources shall be used only for academic purposes consistent with the district's mission and goals. The use of the district's technology is a privilege, not an entitlement.

Users shall not turn off or disable the District's protection systems or install other systems unless authorized to do so by the District Technology Director.
- f. Access Controls: Physical and electronic access to information systems that contain Personally Identifiable Information (PII), Confidential Information, Internal Information and computing resources shall be controlled. To ensure appropriate levels of access by District employees, a variety of security measures are instituted as recommended by the District Technology Director and approved by the District. In particular, the District Technology Director shall document roles and rights to the student information system and other like systems. Mechanisms to control access to PII, Confidential Information, Internal Information and computing resources include, but are not limited to, the following methods:
 - 1. Authorization: Access shall be granted on a "need to know" basis and shall be authorized by the superintendent, principal, immediate supervisor, or District Technology Director. Specifically, on a case-by-case basis, permissions may be added into those already held by individual users in the student management system, again on a need-to-know basis and only in order to fulfill specific job responsibilities, with approval of the District Technology Director.

Further, PII, Confidential Information and/or Internal Information that is stored or accessed remotely shall maintain the same level of protection as information stored and accessed within the District's network. PII shall only be stored in an external storage location, if said storage has been approved by the District Technology Director or its designee(s).
6. Physical and Electronic Access and Security: Access to areas in which information processing is carried out shall be restricted to only appropriately authorized individuals. At a minimum, staff passwords shall be changed at the direction of the technology department. All staff passwords must meet current district complexity criteria and should not be identical or similar to employee personal passwords.
 - a) No PII, Confidential and/or Internal Information shall be stored on a device itself such as a hard drive, mobile device of any kind, or external storage device, including non-district cloud services.
 - b) No technological systems that may contain information as defined above shall be disposed of or moved without consulting with the technology department.

3A.16 (continued)

c) It is the responsibility of the user to not leave these devices logged in, unattended, and open to unauthorized use.

7. Inactive Accounts and Terminated Users: User accounts and related access privileges will be disabled promptly or as directed by the Superintendent or the Superintendent's designee at the end of an employee's employment. The District's administrative team will inform the District Technology Director when an employee's employment has ended or will end in the future in order to facilitate account closure. Further, user access rights shall be reviewed periodically to determine if and when access rights are no longer necessary for certain District employees.

g. Data Transfer/Exchange/Printing

Electronic Mass Data Transfers: Downloading, uploading or transferring PII, Confidential Information, and Internal Information between systems shall be strictly controlled. Requests for mass download of, or individual requests for, information for research or any other purposes that include PII shall be in accordance with this policy and be approved by the District Technology Director. All other mass downloads of information shall be approved by the District Technology Director and include only the minimum amount of information necessary to fulfill the request. At the very least, a Memorandum of Agreement (MOA) shall be in place when transferring PII to third party entities such as software or application vendors, textbook companies, testing companies, or any other web-based application, etc. unless the exception is approved by the District Technology Director. Further, the District Technology Director is responsible for ensuring that any MOAs or agreements with third party entities in possession of District data comply with the Federal regulations identified in this regulation.

Other Electronic Data Transfers and Printing: PII, Confidential Information, and Internal Information shall be stored in a manner inaccessible to unauthorized individuals. PII and Confidential Information shall not be downloaded, copied or printed indiscriminately or left unattended and open to compromise. PII that is downloaded for

3A.16 (continued)

educational purposes where possible shall be de-identified before use.

h. Compliance

The data governance requirements stated in this policy apply to all users of the District's information including: employees, staff, students, volunteers, and third party vendors. Failure to comply with this policy by employees, staff, volunteers, and third-party vendors may result in disciplinary action up to and including dismissal in accordance with applicable the District's procedures, or, in the case of third-party vendors, termination of the contractual relationship. Failure to comply with this policy by students is addressed in Section 5 of this Board Policy. Further, penalties associated with state and federal laws may apply.

Possible disciplinary/corrective action may be instituted for, but is not limited to, the following:

Rev. 9/03, 6/23

3A.17 Compliance with the Family and Medical Leave Act of 1993
National Defense Authorization Act for FY2008 (NDAA), Public
Law 110-181 (August, 2022)

An eligible employee of the school district shall be entitled to a total of sixty (60) workdays of unpaid leave during any twelve (12) month period. The twelve-month period shall be determined on a rolling twelve-month basis looking backward from the first day upon which Family and Medical Leave Act ("FMLA") leave is utilized by an employee. This section does not act to limit the number of leave days allowed by other applicable policies of the board.

To be eligible for leave, the employee must have been employed by the district for at least twelve (12) months (but not necessarily consecutively) and for at least 1,250 hours of service during the previous twelve (12) month period. Also, the employee must give the district thirty (30) days' notice of their intent to take leave for foreseeable events. **See Appendix 3A(22) .**

3A.17 (continued)

During a leave related to the employee's serious health condition (defined below), the employee shall exhaust all available paid sick leave, personal leave, or vacation before continuing such leave on an unpaid basis. All leave taken under this policy and leave for any other reason that would qualify under FMLA (e.g. workers' compensation leave that qualifies as a serious health condition), will be counted against the employee's leave entitlement under FMLA. Employees will be required to run all FMLA leave concurrently with other leaves available to the employee.

During a family or medical leave provided under this regulation for all other FMLA-qualifying leave, an employee shall first exhaust all unused vacation or personal days before continuing such leave on an unpaid basis.

At the conclusion of any FMLA leave, an employee may elect to extend leave pursuant to the provision of other Board policies and regulations governing extended leave, so long as the employee is eligible for extended leave under such other policy or regulation. The amount of time taken for FMLA leave will be deducted from the period of leave available under other extended leave policies. Once the FMLA portion of the employee's leave has ended, and the employee has elected to continue on leave pursuant to another Board policy or regulation, the remaining portion of the leave will be governed by the provisions of the other policy or regulation with respect to compensation, benefits, reinstatement, and all other terms and conditions of employment as set forth in the other policy or regulation.

Family and medical leave will be granted for one or more of the following reasons:

1. The birth and care of a newborn child of the employee;
2. The placement of a son or daughter with the employee for adoption or foster care;
3. To care for a spouse, child, ("child" shall include biological, adopted, or foster child, step-child, legal ward, or child of a person standing in loco parentis, who is either under the age of eighteen, or age eighteen and older and is incapable of self-care because of mental or physical disability), or parent (including a person who stood in loco parentis to the employee when the employee was a child, but not parent "in-law") with a serious health condition;
4. To take medical leave when the employee is unable to perform the essential functions of their job because of a "serious health condition".

"Serious health condition" is defined as follows:

3A.17 (continued)

An illness, injury, impairment, or physical or mental condition that involves the following:

- a. **Inpatient Care:** Inpatient care (overnight stay) in a hospital, hospice, or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care.
- b. **Continuing Treatment:** Continuing treatment by a health care provider, including the following:
 - i. **Incapacity and Treatment:** A period of incapacity of more than three consecutive calendar days and any subsequent treatment or period of incapacity relating to the same condition that also involves:
 - 1. Treatment two or more times, within 30 days of the first day of incapacity, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services under order of, or on referral by, a health care provider; or
 - 2. Treatment by a health care provider on at least one occasion, which results in a regimen of continuing treatment under the supervision of a health care provider. The in-person treatment visit must take place within seven days of the first day of incapacity.
 - ii. **Pregnancy or Prenatal Care:** Any period of incapacity due to pregnancy, or for prenatal care (even if the absence does not last more than three days and the employee or family member does not receive treatment from a health care provider during the absence;
 - iii. **Chronic Conditions:** Any period of incapacity or treatment for such incapacity due to a chronic serious health condition (even if the absence does not last more than three days and the employee or family member does not receive treatment from a health care provider during the absence). A chronic serious health condition is one which:
 - 1. Requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;

3A.17 (continued)

2. Continues over an extended period of time (including recurring episodes of a single underlying condition;
 3. May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
- iv. Permanent or Long-Term Conditions: A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.
 - v. Multiple Treatments: Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- c. **Exceptions:** Unless complications develop, a Serious Health Condition **does not** include cosmetic treatments, such as most treatments for acne or plastic surgery, the common cold, the flu, earaches, upset stomach, minor ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc. Treatment for substance abuse by a health care provider or on referral by a health care provider may be a serious health condition if the conditions of this policy are met. Absence due to use of the substance, rather than for treatment, does not qualify for FMLA leave.

The district requires certification of the serious health condition of the employee or employee's family member. An employee on FMLA-designated leave must periodically report on his or her status and intent to return to work.

The district also requires that an employee present a certification of fitness to return to work.

3A.17 (continued)

The right to leave under the provisions of subparagraphs 1 and 2 above for the birth or placement of a son or daughter shall expire at the end of the twelve (12) month period beginning with the birth or placement. Such leave may not be taken intermittently or on a reduced-schedule basis unless approved by the superintendent or his designee. If a husband and wife are both employed by the district and both are eligible for leave under this section, the amount of combined leave **for both** is limited to sixty (60) days in a twelve-month period, unless their combined available leave with pay is greater.

Eligible employees may take up to twelve (12) weeks of job-protected leave in the applicable twelve-month period for any "qualifying exigency" arising out of the fact that a covered military member is on active duty or has been notified of an impending call or order to active duty, in support of a contingency operation. Eligible employees may take up to twenty-six (26) weeks of job-protected leave in a "single twelve-month period" to care for a covered service member with a serious injury or illness.

An employee returning from family and medical leave will be restored to his or her original job/position or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed. The determination as to what constitutes an equivalent position shall be made on the basis of established district policies and practices. Employees retain all accrued benefits while on leave including but not limited to coverage under the district group health plan.

An employee who is employed principally in an instructional capacity (that is, the direct provision of education services) and seeks leave that is foreseeable based on planned medical treatment may be required to make an election if the employee would be on leave for more than twenty percent (20%) of the total number of working days in the period over which the leave would extend. An instructional employee is defined as an employee whose principal function is to teach. This would include teachers, athletic coaches and special education assistants such as signers/interpreters for students with hearing impairments.

The employee may be required to choose between: (1) Leave for periods of a particular duration, not to exceed the duration of the planned medical treatment; or (2) A temporary transfer to an available alternative position.

3A.17 (continued)

If an instructional employee starts leave more than five (5) weeks before the end of an academic term, the district may require the employee to continue the leave until the end of the term if: (1) the leave is of at least three (3) weeks duration; and (2) the return would be during the three (3) weeks period before the term's end.

If an instructional employee starts leave with five (5) weeks or less before the end of an academic term, the district may require the employee to continue the leave until the end of the term if: (1) the leave will last more than two (2) weeks; and (2) the return would be during the two-week period before the term's end.

If an instructional employee starts leave with three (3) weeks or less before the end of an academic term, the district may require the employee to continue the leave until the end of the term if the leave will last more than five (5) working days.

When an instructional employee is required to extend his or her leave, the leave shall be treated as other leave under the provisions of this policy, with the same rights to employment and benefits protection.

The district shall require that a request for leave be supported by a certificate issued by the health care provider of the appropriate person. The certificate should include the following:

1. the date the condition began;
2. its probable duration;
3. appropriate medical facts;
4. an assertion that the employee is unable to perform the employee's job function, or that the employee is needed to care for a sick family member for a specified time.

An employee who is taking FMLA leave shall not engage in or pursue supplemental or outside employment without prior written permission. Violation of this prohibition against supplemental work while on FMLA leave may constitute a basis for disciplinary action, up to and including termination.

CERTIFICATION

The district shall retain the right to request a certification of the FMLA-qualifying need for leave from any employee making such a request. The procedure for providing such certification shall be as follows:

1. **Serious Health Condition** - When an employee requests a leave of absence for a FMLA-qualifying reason, the employee must submit to the Superintendent/designee, a written medical certification form (available in the

3A.17 (continued)

Superintendent/designee's office). When the leave is for the employee's own serious health condition and district provides a list of the employee's essential job functions, the employee's health care provider must certify the employee is unable to perform an essential function of the employee's job.

- a. Timing - Upon receipt from the district, an employee has fifteen calendar days to return a complete and sufficient certification of the serious health condition. If the certification is incomplete or insufficient, as determined by the Superintendent/designee, the district shall state in writing the nature of the deficiency and grant the employee seven additional calendar days to provide the district with a complete and sufficient certification. Failure to provide such certification within the specified time period may result in denial or delay of leave.
- b. Who May Contact Health Care Provider - In the event the district determines an employee's certification remains either incomplete or insufficient, after the employee has been notified of any deficiencies and been granted time to correct such deficiencies, the following individuals will be authorized to contact the employee's health care provider:
 - i. The district's own health care provider;
 - ii. Human Resources professional;
 - iii. Leave administrator; or
 - iv. Administration official.

Under no circumstances will the employee's direct supervisor be permitted to contact the employee's health care provider to certify the employee's health condition. Should an employee deny the district the ability to communicate with the health care provider regarding an incomplete or insufficient certification, the employee will be denied FMLA leave.

- c. Second/Third Opinion - The District reserves the right to require an employee receive a second (and possibly a third) opinion from another health care provider (at the district's expense) certifying the serious health condition of the employee or family member. Further, second and third opinions may be required for military caregiver leave certifications that are completed by health care providers, as defined in Section 825.125 of the FMLA, who are not affiliated with DOD, VA or TRICARE.

3A.17 (continued)

- d. Fitness for Duty - Before returning to work, an employee who is on leave for the employee's own serious health condition, must submit to the Superintendent/designee a health care provider's written certification form that the employee is able to perform the essential functions of the employee's job. The process for verifying the employee's fitness to return to duty shall be the same as for the initial certification set out above. Failure to provide a complete and sufficient fitness for duty certification may result in the delay or denial of job restoration.
 - e. Recertification - During the employee's leave, the district may periodically seek a recertification, no less than once every thirty days, unless the duration of the leave is known to be longer, in which case the district will not seek recertification until the end of the known duration of FMLA leave. The general rule has three exceptions, which permit the district to immediately seek a recertification from the employee. These exceptions include the following: 1) the employee requests a leave extension; 2) the circumstances necessitating leave change; or 3) the district received information disputing the validity of an earlier certification.
 - f. Intent to Return to Work - The District may require an employee to periodically report on the employee's intent to return to work.
 - g. Family Relationship - Employees requesting FMLA-qualifying leave related to a family member may be requested to provide reasonable documentation of the family relationship.
2. Qualifying Exigency - The District may require an employee to provide it with a copy of the covered military member's active-duty orders in support of a contingency operation, prior to permitting FMLA leave for a qualifying exigency. The district may also require the employee to certify, with reference to appropriate facts, that the reason for taking FMLA leave is permissible. The process for any such certification shall adhere to the procedure outlined for serious health conditions, listed above. For Rest and Recuperation leave, the district may require a copy of the military member's Rest and Relaxation leave orders, or other documentation issued by the military setting forth the dates of the military member's leave.

3A.17 (continued)

3. **Care for Covered Servicemembers** - The District may require certification completed by the covered servicemember's health care provider prior to permitting an employee to use FMLA for the care of a covered servicemember. In addition to certifying the authenticity of the covered servicemember's serious injury or illness, any certification must also identify the injury or illness as occurring in the line of duty while on active duty. The process for any such certification shall adhere to the procedure outlined for serious health conditions, listed above.
4. **Care for Military Caregiver** - The District may require a Certification of Military Caregiver Leave, to be completed by a Department of Defense (DOD) health care provider, a U.S. Department of Veterans Affairs (VA) health care provider, a DOD TRICARE network authorized private health care provider, a DOD non-network TRICARE authorized health care provider or a health care provider, as defined in Section 825.125 of the FMLA who are not affiliated with DOD, VA or TRICARE. If the District requests certification, an employee may submit documentation of enrollment in the VA Program of Comprehensive Assistance for Family Caregivers as sufficient certification of the covered veteran's serious injury or illness. The documentation will be deemed sufficient even if the employee is not the named caregiver on the document. However, if the employee submits the documentation of the servicemember's enrollment in the VA Program of Comprehensive Assistance for Family Caregivers, the District may require the employee to provide additional information, such as confirmation of the familial relationship to the enrolled servicemember or documentation of the veteran's discharge date and status.
5. **Possibility of Waiver of Certification** - The District, at its sole discretion, may waive the certification requirements set forth in this Regulation, as the circumstances of each FMLA-leave request may permit. Under no circumstances shall the district's exercise of its discretion be interpreted or construed as a permanent waiver of the certification requirements, but such requirements shall remain in full force and effect unless and until the district specifically modifies or eliminates this Regulation.

INSURANCE PREMIUMS

During an employee's family or medical leave of absence, the district will continue to provide health, life, vision, and dental insurance coverage for employees and dependents who are

3A.17 (continued)

receiving insurance benefits. Upon an employee's return from FMLA leave, voluntary deductions (employee contributions) for (dependent) insurance for health/life/vision/dental (and employee disability and/or supplemental life insurance) will be recouped from the employee's regularly scheduled pay checks. Employees should contact the district administrator responsible for coordinating insurance benefits regarding specific inquiries as to benefit continuation and repayment while on FMLA leave and upon their return to work. (Contact: benefits@bssd.net)

JOB RESTORATION

Upon return from FMLA-qualifying leave in accordance with this Regulation, the employee will be returned to the same or an equivalent position with no loss in benefits that accrued prior to the leave of absence. An employee who does not return to work at the end of an authorized leave may be subject to termination.

If an employee fails to return to work after the termination of the leave period, the district may recover health insurance premiums paid under the group plan during the leave period, except in certain circumstances (e.g., continuing serious health condition of employee or family member needing care, or other circumstances beyond control of employee). The district may recover any other insurance premiums (e.g., premiums for supplemental life insurance or for dependent coverage), submitted on behalf of the employee, for which the district has not been reimbursed, either upon the employee's return to work or the employee's failure to return after unpaid family or medical leave has ended.

NOTIFICATION

1. **District Notification Procedure** - The district shall provide its employees with notice of their rights and responsibilities under the FMLA through use of the following Notices:
 - a. General Notice - A poster summarizing the FMLA entitlements shall be placed in an area accessible for employees and shall also be provided to each employee in the employee handbook.
 - b. Eligibility Notice - This Notice shall state whether the employee qualifies to take FMLA leave.
 - c. Rights and Responsibilities Notice - This Notice, issued in conjunction with the Eligibility Notice, will specify if a certification will be required from the employee, identify if paid leave will run together with the FMLA leave, address the procedure for making health insurance payments, the consequences of failing to make timely payments, and the employee's

3A.17 (continued)

liability for repayment of health insurance premiums if the employee fails to return to work at the expiration of their FMLA leave. Finally, this Notice will explain the employee's right to return to the same or an equivalent job at the expiration of their FMLA leave. Both the Eligibility and Rights and Responsibilities Notices will be provided to all employees within five business days of when the district becomes aware of a potential FMLA situation.

- d. Designation Notice - Within five business days of the district's receipt of sufficient information from the employee to make a determination, the district shall provide the employee with the Designation Notice, which shall inform the employee if the leave shall be designated as FMLA leave. This Notice will designate the amount of leave counted against the employee's entitlement, specify if the FMLA leave will run concurrently with any accrued paid leave, and notify the employee if a fitness-for-duty exam will be required prior to returning to work.
2. Employee Notification Requirements - Absent unusual circumstances, all employees seeking FMLA leave must follow the district's customary call-in procedure for reporting absences. An employee who can reasonably foresee the need to take FMLA leave is required to notify the district of the date of commencement and the expected duration of the leave at least thirty days in advance of the leave, or if the need for the leave is not foreseeable, as soon as practicable. When the need for leave is foreseeable, an employee's failure to provide thirty days' notice prior to taking leave may result in denial or delay of leave. An employee requesting leave under this policy should submit a completed application for leave form (forms available in the Department of Human Resources) to the Department of Human Resources. An employee's failure to follow the district's call-in procedure is grounds for the delay or denial of the employee's FMLA leave request.

The provisions of this policy shall be interpreted under the provisions of Public Law 103-3, the Family and Medical Leave Act of 1993, and all rules and regulations pertaining to the said public law.

3A.18 Sick Leave Pools (June, 2023)

Purpose

The purpose of the sick leave pool is to provide sick leave coverage for catastrophic accidents or illness of eligible

3A.18 (continued)

employees. Catastrophic accident or illness means an acute or prolonged illness usually considered to be life-threatening or with the likelihood of serious disability, which results in the employee's incapacity and inability to work even with the implementation of reasonable accommodations. Non-life-threatening surgeries, elective procedures or surgeries with complications and/or prolonged recoveries will not be considered catastrophic and will not qualify for sick leave pool eligibility. Injuries or illnesses qualifying an employee for workers' compensation will be excluded from sick leave pool eligibility.

Membership (Optional)

All certified and classified insurance eligible personnel may join the appropriate Sick Leave Pool upon meeting the following requirements. Participation in the Sick Leave Pool is not a condition of employment. Certified personnel shall be defined as any employee of the Blue Springs R-IV School District regularly required to be certified under laws relating to the certification of teaching, administration and supervision. Classified personnel shall be defined as any employee of the Blue Springs R-IV School District who is not required to be certified under laws relating to the certification of teaching, administration and supervision.

Employee:

1. must be under contract for certified, agreement for classified, with the district prior to January 1 and must declare membership or non-membership within thirty (30) days of the first day of school or thirty (30) days after first day of employment. No new membership will be accepted for new employees after January 1 of the current contract year. New memberships will be allowed for future contract years providing they meet the conditions stated in this policy; **(See Appendix 3A(23) for Sick Leave Pool Declarations)**
2. must donate two (2) days of sick leave to the pool the first year of eligibility regardless of the total number of days accumulated in the pool;
3. must agree to donate additional days of sick leave to the pool as required by the section entitled, "Donation of Days";
4. (a) who have previously declined membership in the pool may re-enter this pool by providing a physician's certificate evidencing good health or health difficulties and must donate required days. Any health difficulties discussed will be considered pre-existing for a period of one year and will be excluded from coverage.

3A.18 (continued)

(b) whose membership was terminated for any reason and who did not previously withdraw days from the sick leave pool may be reinstated in the pool by providing a physician's certificate evidencing good health. Any health difficulties disclosed will be considered pre-existing for a period of one year. Donation of days will not be required.

(c) whose membership was terminated for any reason and who did previously withdraw days from the sick leave pool may be reinstated in the pool by donating required days.

5. will abide by the decision of the appropriate Sick Leave Pool Committee (certified or classified) or decision rendered after following the appeal procedure.

Donation of Days

The year in which 1400 or more days are accumulated in the certified sick leave pool, and 700 or more days are accumulated in the classified sick leave pool, except for required donation by members entering or re-entering the pool will constitute the maximum number of days allowed to accumulate. Thereafter, the following year donations of days will cease (except for first year and for re-entry personnel) until the accumulated number of days has been depleted to 1000 days or less for the certified sick leave pool, and 500 days or less for the classified sick leave pool. The year following this, all members will again be required to donate one day to the pool and each year thereafter until the pool has reached its maximum number of days again.

The superintendent will verify that additional days are needed to be donated to the pool and will inform all certified and/or classified employees. **(See Appendix 3A(23) for Sick Leave Pool Declarations)**

Scale of Eligibility

<u>Sick Days Accumulated At Time of Illness Or Accident</u>	<u>Waiting Days Before Being Eligible For Pool</u>	<u>Days That Member May Be Allowed To Draw If Awarded By Committee</u>
1 - 9	45	20
10 - 29	35	40
30 - 49	25	60
50 - 69	15	80
70 - 89	5	100
90 - and above	0	130

The committee has the discretion to award up to or any part of the days eligible to be drawn from the pool. Membership in

3A.18 (continued)

the pool does not automatically guarantee rights to draw on all or any portion of the accumulated days.

All personal sick, personal business and vacation days must be depleted prior to the waiting period before being eligible to draw from the pool.

All days referred to in this policy are contract days for certified personnel and agreement days for classified personnel.

Termination

Termination of membership in the pool occurs on the last contract day for certified personnel and agreement day for classified personnel worked and former members retain absolutely no rights or interests in the pool following termination.

If and when all sick pool days are depleted in any one contract year or agreement period, the school board's liability for funding the pool will automatically terminate.

Eligibility Requirements to be Considered - Upon Request for Withdrawal

1. Employee shall submit a written application to the Sick Leave Pool Committee requesting withdrawal of days from the pool. **(See Appendix 3A(24) regarding request for withdrawal of days.)**
2. Employee is required to submit a letter from the physician treating the employee for the illness/injury that may qualify him/her stating the nature of the illness, that it is currently life-threatening and catastrophic at the time of application, and that he/she is unable to work due to said illness/injury.
3. Re-certification of incapacitation may be required every ten (10) contract days for certified personnel and agreement days for classified personnel. Failure to do this may result in immediate termination of pool privileges.
4. The Sick Leave Pool Committee shall maintain the right to require an examination by a physician of its choice at the member's expense.
5. A re-occurrence of the same illness or accident-related injury within thirty (30) days would not make the member ineligible and would not require a waiting period.
6. The Sick Leave Pool Committee has the absolute right to deny all or any part of requests for Sick Pool days in its total discretion. The Committee reserves the right, as an example, to turn down requests for Sick Pool days

3A.18 (continued)

where the request is for elective surgery.

7. The lifetime maximum number of days which may be withdrawn for any member will be 130 days.

Committee

An appropriate Sick Leave Pool Committee shall administer each Sick Leave Pool. The Certified and Classified Personnel Committee will consist of four (4) members of the district administrative team as well as the director of human resources. The director of human resources shall serve as chairperson of the committee. All five of these persons shall be voting members. A quorum of members (at least 3) is required to conduct business at a Pool Committee meeting.

Committee Responsibilities

The Sick Leave Pool Committee will generally be responsible for reviewing the applications for requests for withdrawal of Sick Pool days, determining their completion and credibility, making any additional requirements upon requester(s) and finally determining the number of days of eligibility that will be granted, if any. It is the Committee's responsibility to make sure that the Sick Leave Pool is not abused by the requester(s). The committee will determine the eligibility of all requester(s) in accordance with the criteria of this policy and will determine whether surgery and/or treatment is elective and might be postponed based upon medical evidence presented to it. Employee name and any demographic information not relevant to the decision will be redacted from all forms to assure the privacy of the employee and compliance with federal law.

Appeal Procedure

Any decision reached by the Sick Leave Pool Committee will be reviewed by the assistant superintendent of human resources upon written request by an employee in accordance with the following:

1. A request for review must be in writing and delivered to the assistant superintendent of human resources within five (5) days after the Sick Leave Pool Committee has reached its final determination.
2. The review by the assistant superintendent of human resources shall be held no more than ten (10) days after receipt of the request for review unless the employee agrees to a later time.
3. The assistant superintendent of human resources will deliver written notice to the employee of the intention to review the Sick Leave Pool Committee's determination at the employee's last known address set forth in the Sick Leave Pool files.

3A.18 (continued)

4. The review by the assistant superintendent of human resources shall be informal.
5. Witnesses at the review need not be sworn.
6. The employee may present any information deemed appropriate and reasonable, whether written or oral, to the assistant superintendent of human resources supporting his or her position.
7. Cross-examination of witnesses at the review shall be permitted.
8. A record of the proceedings need not be made.
9. The assistant superintendent of human resources shall render a decision within three (3) days after the review is completed.
10. The assistant superintendent of human resources' decision is final unless the employee makes a further appeal to the superintendent.

An employee may appeal the decision of the assistant superintendent of human resources in accordance with the following:

1. The appeal shall be in written form directed to the superintendent within ten (10) days after the date of the assistant superintendent of human resources rendering a decision.
2. The superintendent shall within ten (10) days of receipt of notice of appeal by an employee empower a hearing panel of three persons designated as follows:
 - a. One person shall be appointed by the superintendent.
 - b. One person shall be appointed at the recommendation of the employee.
 - c. A third panel member shall be appointed by mutual agreement of the other two panel members.
3. No member of the hearing panel shall have a personal or professional interest in the appeal which would conflict with his ability to render a fair decision.
4. Unless the parties agree otherwise, the hearing panel shall have fifteen (15) days from the time it is empowered to give written notice of the time and place of the hearing, to hold the hearing and to render its decision.
5. No formal record of the proceedings need be made although witnesses shall be sworn to tell the truth.
6. Any party or his/her delegated representative at the hearing panel may:

3A.18 (continued)

- a. Be accompanied and advised by counsel.
 - b. Examine and cross-examine witnesses and may introduce relevant evidence.
 - c. Have access to reports, records, evaluations or other materials upon which the action to be reviewed was wholly or partially based which could reasonably have a bearing and on the correctness of the final decision.
7. After reviewing the evidence, the hearing panel shall by majority vote make its decision in writing.
8. The decision of the hearing panel shall be final and no further administrative appeal may be taken.

Right to Purchase Additional Sick Leave Days

Eligible members of the Sick Leave Pool may purchase additional sick leave days only in accordance with the following circumstances and conditions.

1. The eligible employee must be a participant in either the Certified or Classified Sick Leave Pool. (See Section Employee 1 above);
2. The election to purchase additional sick leave days must be made prior to the day students begin school for the current employment term; the election process shall be undertaken by use of **Appendix 3A(25)**.
3. The eligible person electing to purchase additional sick days must have accumulated fifty (50) or more sick days before using part or all of same resulting from a catastrophic accident or illness defined above under Purpose and then only in accordance with the following:
 - a. The maximum sick days that may be purchased are five (5) per year or such lesser number of days that would bring the eligible employee's accumulated sick days to 50 (i.e., any eligible employee with accumulated sick days of 50 or more, after using part of his/her accumulated sick days resulting from a catastrophic accident or illness is not eligible to purchase additional sick days);
 - b. The purchase price for sick leave days shall be set each year at the same rate per day as is payable to a long-term substitute teacher (certified personnel) or the average of classified substitute rates (classified personnel).

3A.24 Audio and Video Recording (June, 2023)

The district has limits on the use of recording equipment in order to minimize disruption and protect instructional time essential to improving student achievement.

Recording by Non-District Personnel

The Blue Springs School District prohibits the use of video or audio recording equipment on district property or at district activities by non-district personnel without permission from the superintendent or his/her designee unless otherwise authorized by law. Individuals violating this policy may be

3A.24 (continued)

subject to disciplinary action under Board policy 2.17 (Civility) and subject to the disciplinary ramifications of that section. The recording prohibition shall not apply to:

1. Performance or activities to which the general public is invited such as athletic competitions, concerts, and plays.
2. Outside entities using or renting district facilities in accordance with board policies and established procedures.

Recording by District Personnel

The district may make audio or visual recordings to provide security or to maintain order. This may include the use of audio and video equipment in school buildings and on district transportation.

No recording equipment will be placed in areas of the building where the occupant would have a reasonable expectation of privacy such as restroom facilities or locker rooms. The district does not allow videotaping by any staff member in classrooms with students present. Exception to this prohibition would be video recordings previously approved by the superintendent and/or designee, or recordings by teachers seeking status as a Nationally Board Certified Teacher.

Recording of Meetings

The Board of Education prohibits the use of audio, video or other recording devices in meetings between district employees and parents/guardians. Exceptions to this prohibition will be made only in accordance with Board policy and law. Requests for such exceptions must be made within a reasonable period of time prior to the scheduled meetings. This prohibition does not apply to conversations held within view of district security cameras. In accordance with the law, the Board of Education permits the use of audio recording devices by parents/legal guardians at meetings held pursuant to the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973. The parent/legal guardian shall notify the district of their intent to record a meeting within 24 hours of the scheduled meeting. No recording by a parent/legal guardian shall be construed to be a public record made by or prepared for any public governmental body under Chapter 610.

3A.25 Employee References (June, 2023)

The district will maintain information regarding current and former employees as confidential within the limits of the law. Only the superintendent or a person or persons specifically designated by the superintendent may respond on behalf of the district to a reference request for a current or former employee. District employees must direct reference requests to the superintendent or designee. Upon request, employees will assist the superintendent or designee with the preparation of accurate reference information.

Employees other than the superintendent or designee may provide personal references at the request of a current or former employee, but by doing so, they are acting outside of the scope of their employment. Employees may not use district letterhead or otherwise indicate that the reference is sponsored by the district. The district will not endorse any reference provided outside the directives of this policy and is not responsible for providing legal advice or protection for unauthorized employees who provide references.

In accordance with law, the following information about employees will be provided to any potential employer upon request:

1. Names
2. Positions
3. Salary
4. Length of service

Employees or former employees wishing to have a reference completed on their behalf with additional information not specified above may complete a release form (Appendix 3A.27). Forms will be returned to the Department of Human Resources where they will remain on file for 5 years.

If a former employee requests or a potential public school employer requests a reference regarding a former employee whose job involved contact with children, the district will, in accordance with state law, notify the potential public school employer if the employee was terminated, non-renewed or allowed to resign in lieu of termination as a result of allegations of sexual misconduct with a student or as a result of such allegations being substantiated by the children's division child abuse and neglect review board.

When requests for information from any public school regarding a former employee against whom allegations of sexual misconduct involving a student have resulted in a determination by the Board of an actual violation of sexual misconduct pursuant to Board Policy; a resignation in lieu of termination; or allegations of sexual misconduct that have been substantiated by Children's Division, the Superintendent or his designee shall disclose to the requesting school the

3A.25 (continued)

allegations of sexual misconduct and the findings of a Children's Division investigation.

Notice

The district will notify all current employees and all potential employers who contact the district regarding the possible employment of a school district employee of this policy.

3A.26 Domestic/Sexual Violence Abuse Victim Leave (June, 2023)

Employees may take unpaid leave in accordance with law for absences related to domestic or sexual violence where an employee, an employee's family member or a person residing in the employee's household has been the victim of domestic or sexual violence. Leave may be taken intermittently or on a reduced work schedule. Two workweeks of unpaid leave will be available in a 12-month period. Employees may use accumulated paid leave or compensatory time concurrently with unpaid leave under this provision. Leave under this provision does not create a right for employees to take unpaid leave that exceeds the amount of unpaid leave time under FMLA. Employees are required to give 48 hours' notice of the need for leave unless such notice is not practicable. The district may require certification of the need for leave, which may include documentation from an entity aiding the victim, a police or court record, or other corroborating evidence. Information provided by the employee in conjunction with the use of this leave will be confidential in accordance with the Victims' Economic Safety and Security Act (VESSA).

3A.27 Classroom Displays and Postings (June, 2023)

Posting or displaying materials within classrooms will only be permitted if the posting is related to the curriculum and subject matter taught in each specific classroom. BLUE SPRINGS SCHOOL DISTRICT

ANNOUNCEMENT OF SUBSTANCE ABUSE POLICY

To All District Employees:

Substance abuse is a nationwide issue in all sectors of our lives - the workplace is **no exception**. Alcohol and drug abuse have a significant health and safety impact. They seriously affect productivity, work quality, health care and workers' compensation costs, and most importantly, the well-being of a most valuable resource - the employee.

The Blue Springs School District is committed to providing a safe and positive working environment with concern for the welfare of its employees.

To address this potential problem, the district has developed a policy regarding the illegal use of drugs and the abuse of alcohol that we believe best serves the interest of all employees. Our policy formally and clearly states that the illegal use of drugs and the abuse of alcohol **will not be tolerated**. This policy was designed with two basic objectives in mind.

- 1 Employees deserve a work environment that is free from the effects of drugs and alcohol and the problems associated with their use; and
2. This district has a responsibility to maintain a healthy and safe working environment.

We believe that this important and worthwhile venture will foster a drug-free workplace which will be a safe and rewarding place to work.

NOTE: This policy will take effect on July 1, 1998. All employees are required to sign the accompanying agreement form indicating that they have read, understand, and will comply with the substance abuse policy, and return it to their supervisor.

BLUE SPRINGS SCHOOL DISTRICT

EMPLOYEE DRUG AND ALCOHOL SCREENING

I consent to the Blue Springs School District's request for a urine, blood, breath, or other specimen or sample for the purpose of determining the presence of drugs, alcohol or other non-prescribed controlled substances, and I authorize the district, its physicians, technicians and laboratories to do so.

Further, I understand and consent that the results of those tests must be given, by the district's authorized laboratory and/or its agents, to a representative of the district for review. Based on the test results, appropriate action pursuant to the Blue Springs School District's Substance Abuse Policy, if necessary, will be taken.
