

Wright Educational Trust Scholarship Criteria

The Wright Educational Trust Scholarship was established to provide financial aid for continued learning opportunities to future classroom leaders. These scholarships honor BSHS Graduates Emma L. Wright, Class of 2009 and Anna P. Wright, Class of 2011.

The Educational Trust was established to provide support for students wanting to be educators at all levels. The Wright family has a rich history in education at the primary, secondary, and higher education levels as teachers, directors, administrators, and university professors. Scholarship awards have been established around the state including scholarships at Macon Senior High School and Northwest Missouri State University.

The Blue Springs Education Foundation and the Wright Educational Trust are seeking applications from the senior class at Blue Springs High School who plan to pursue a degree in the field of education.

The Scholarships will be awarded based on the following criteria:

- Students with potential to pursue a college education or post high school training
- Students who are ambitious and hard working
- Personal essay included with the application and cover sheet

The Blue Springs Education Foundation cover sheet must be attached along with a letter of recommendation from an employee in the Blue Springs School District.

Completed applications for the initial scholarship need to be submitted to your high school counseling center by the last Friday in February. Thank you for applying.

Wright Educational Trust Scholarship
All scholarship applications due the last Friday in February.
