HIGH SCHOOL SUMMER SCHOOL 2019 APPLICATION

Location: Blue Springs Freshman Center    Dates: June 5 - 27

Session 1: 7:35-11:10 a.m.  Session 2: 11:40-3:15 p.m.

All applications are due to your counselor by Friday, April 12th, 2019.

Summer school dates are subject to change based on the weather make-up dates which might be added at the end of the semester.

Course offerings will depend on a minimum enrollment of 15 students per course and available staff. Summer school courses have an impact on your GPA and class ranking. Summer school attendance policy states students cannot miss more than 8 hours per course. Lunch is provided. District transportation is not provided during the summer school program. Summer school is contingent upon Missouri Department of Elementary & Secondary Education funding. Changes will be communicated to district families in a timely manner if and when they occur.

Credit recovery courses are only offered to those that have attempted and failed that course previously.

ANATOMY & PHYSIOLOGY SUMMER CAMP
JUNE 10 - 14
8 A.M. - 4 P.M.

Chiropractic Lab
Application of physics principles using the force sensing table

Physiology Experiments
Using iWorx technology to conduct experiments

Anatomy Lab
Experience with animal and human cadavers

Occupational Therapy Lab
Create hand splints

Radiology Lab
Review diagnostic imagery

Through a partnership with Cleveland University-Kansas City (CUKC), health care professionals will provide BSSD students with the opportunity to experience hands-on lab activities from a variety of CUKC courses.

Small Group Interaction with CUKC’s Health Care Professionals.

Ask questions and gain an understanding of career opportunities.

This camp is for incoming 11 and 12 grade students for the 2019-2020 school year. It is an intensive week of practical experience for students considering a career in health science. Content will include a combination of human biology principles from anatomy, physiology, biochemistry courses applied to the fields of occupational therapy, radiologic technology, and chiropractic medicine.

Contact Amber Roberts at aroberts@bssd.net or call Lisa Hammett at (816)-874-3265.

Fundamentals of Effective Speaking and Listening
UMKC-COMM-ST 110
HS Course #0515

This class is an introduction to the dimensions of effective platform speaking with special emphasis on developing critical listening skills. This class will cover the UMKC objectives in 10 days, so attendance is a must. Students must complete all college applications and enrollment information the first day of class. Additionally, they must pay the UMKC fees. An honor point may be earned for successful completion of this course.

Pre-requisites:
- Must be in Grade 11 or 12
- Have a 3.0 GPA or 21 on the ACT
- Meet all UMKC requirements

The first 30 applicants district-wide who meet all the requirements will be accepted into this course, with preference given to seniors should the course reach capacity. Application deadline is April 12, 2019.
Students will shadow current dental students in general dentistry and other specialty areas, opportunities to learn about dental technology, impressions, pathology, Forensic dentistry and various other topics.

- Transportation provided
  Buses will pick up at the Blue Springs Freshman Center
- Lunch provided
- Only 20 spots available
- Incoming juniors and seniors will be given priority spots.

Highlights that students found most beneficial last year:

“Getting to shadow dentists and the hands-on experiences”
“Talking with current students about how to better prepare myself for dental school”
“Learning about the daily life of a dental hygienist”
Zoology I

Through a partnership with the Kansas City Zoo, students will gain a great understanding of the underpinnings of running a zoo. They will see first-hand the many career opportunities at the zoo. Additionally, they will engage in several activities that simulate those performed by field researchers and conservationists, thus developing an understanding of the role data collection plays in everything from conservation to behavior modification. This class focuses on animal behavior and field study methods.

♦ Opportunity to earn dual credit through Missouri State University if the college qualifications are met. (Ag Science 108, Zoology I)

♦ Cost will be $140.00 for the two college credit hours.

♦ Class will be 7:30 am—4:00 pm, which includes travel to and from the Kansas City Zoo.
This dual-credit course through Missouri State University is for incoming 11th and 12th graders for the 2019-2020 school year. It is a 2-week intensive but fun course designed for students that have an interest with working with animals or veterinary medicine.

- **Dates:**
  - Monday-Friday
  - June 5th-14th, 2019

  *Summer School dates subject to change based on make-up snow days.*

- Transportation Provided
- ALL approved applicants are required to get a TB test
- provided by the school district

Don’t forget to take advantage of **ZOOLOGY II**

offered the following two weeks that focuses on the biotechnology of animal science!
Zoology II

This two week, six hour a day class will expand on the concepts explored in Zoology 101, exploring other careers and applications of zoology skills to give students a more thorough knowledge of animal science careers. Students will gain a more advanced and detailed look at the application of biotechnology and field biology techniques to animal science. Students will interact with experts and professionals in these fields and engage in hands-on activities to develop an understanding of molecular and field biology methods.

♦ Opportunity to earn dual credit through Missouri State University if the college qualifications are met. (Ag Science 108, Zoology II)

♦ Cost will be $140.00 for the two college credit hours.

♦ Class will be 7:30 am—4:00 pm, which includes travel to and from the Zoo and a 1/2 hour lunch.
This dual-credit course through Missouri State University is for incoming 11th and 12th graders for 2019-2020 school year and who have already completed Zoology I. It is a 2-week intensive but fun course designed for students that have an interest with working with animals or veterinary medicine.

- **Dates:** Monday-Friday
  June 17th-27th, 2019

  *Summer school dates subject to change based on make-up snow days.*

- Transportation provided
- **ALL approved applicants are required to get a TB test, provided by the school district**
**TB Testing:** I give permission for my student __________________ to take a free TB test at the Consiglio Wellness Center. In addition, I understand, as per the KC Zoo policies, my student's results will be shared with the zoo staff and that the TB test results must be negative in order for my student to participate.

**Travel:** I give my student __________________ permission to travel to the Kansas City Zoo, 6800 Zoo Drive, Kansas City, MO 64132 on a daily basis from June 3, 2019 through June 14, 2019 on a Blue Springs School District bus. I understand the bus will be leaving daily from the Central Office lower parking lot at 7:30 am and returning at approximately 3:40 pm. I understand that my student is required to ride the bus to and from the Zoo and is responsible for being on time.

**Technology:**

I understand that my student is required to join the 2019 Zoology GroupMe. This free app, is how the course instructors will communicate with students daily, send out reminders, assign homework as well as just daily facts about the zoo. I also understand that this course is promoted on Twitter and my student may be in pictures showing the public the educational experience we are having at the zoo.

**Expectations:**

I understand my student is enrolled in a summer school course and there is homework, quizzes and a final. The grade earned from this course will be applied towards my student's overall GPA.

**Dual Credit:**

I further understand that this is a high school class. Students wanting college credit will need to complete the college credit application from MSU and pay $140.00 ($70 dollars per credit hour).

8th Grade Courses

Offered at the Freshman Center for High School Credit

SUMMER SCHOOL 2019
Blue Springs School District

8th GRADE SUMMER SCHOOL 2019
APPLICATION

Location: Blue Springs Freshman Center  Dates: June 5th - 27th

Summer school dates are subject to change based on the weather make-up dates which might be added at the end of the semester.

All applications are due to your counselor by Friday, April 12th, 2019.

This application is for students who will finish their 8th grade year in May 2019, are interested in a summer enrichment program, and wish to earn high school credit. Course offerings will depend on a minimum enrollment of 15 students per course and available staff. Summer school courses have an impact on your GPA and class ranking. Please visit with your counselor about this matter. Summer school attendance policy states students cannot miss more than 8 hours per course. Lunch is provided. District transportation is not provided during the summer school program. Summer school is contingent upon Missouri Department of Elementary & Secondary Education funding. Changes will be communicated to district families in a timely manner if and when they occur.

______________________________________________________________________________
□ COLLEGE & CAREER READINESS (HS1900) (Sessions 1&2)  
This course is designed to help students with planning for their future. It will help them look at themselves in relation to careers, college majors or other post-secondary interests. Information and tips regarding College and Career Testing will be included in this class (ACT, SAT, etc.).

□ COMPUTER APPLICATIONS (HS0916) (Sessions 1&2)  
Students use Microsoft Office Word, Excel, PowerPoint, and Publisher to create business documents, publications, spreadsheets, and presentations. This introductory class includes a refresher course in keyboarding.

□ DESIGN FUNDAMENTALS (HS0706) (Session 1)  
This course builds a foundation of knowledge in art. The elements and principles of design are covered in depth and the students should leave Design Fundamentals class with a clear understanding of composition and color. Students will be introduced to a variety of media with a strong emphasis in drawing and art criticism. This class is a prerequisite for all art classes except Art History.

□ HEALTH (HS1218) (Sessions 1&2)  
General care of the human body is studied in this course including the physical, mental and social aspects of our well-being. This course is required for graduation from a Blue Springs high school.

□ NUTRITION & WELLNESS (HS1153) (Sessions 1&2)  
This is an introductory course in basic nutrition that will cover the following topics: safety and sanitation in the kitchen, kitchen management, basic food purchasing, microwave cooking, grains, preparation and storage skills, dietary needs throughout the life cycle, and food service career exploration. Sports nutrition, eating disorders, and malnutrition are explored. This course involves a variety of classroom techniques as well as laboratory experience. Membership and participation in FCCLA, a student organization to promote Family and Consumer Sciences, is encouraged.

☐ **P.E. (HS1248) (Sessions 1&2)**

.5 Physical Education credits

In this dress out class students will participate in various high and low impact aerobic exercises designed to tone, strengthen, and sculpt muscles to improve overall body composition and cardiovascular fitness. Emphasis will be on exercises that improve flexibility, muscular strength, muscular endurance, and the cardiovascular system. Weekly lectures will include information on practicing and maintaining good nutrition, emotional wellness, and healthy lifestyles.

☐ **ROBOTICS CAMP**

No credit

In this class students will utilize robotics to explore the fundamentals of engineering and electronics. The course will consist of lectures including principles of engineering, physics, electronics, mechanics, and computer programming. Students will work cooperatively in groups and as a class to complete laboratory experiments to design, develop, and build simple robotics to demonstrate their understanding of these principles. The course will work towards and cumulate with the building of a robot that can compete in the FIRST Tech Challenge in the springs.

PLEASE MAKE YOUR SELECTION BY CHECKING THE BOXES

☐ Broadway Bound (7811) Session 1 (only): 8:00-11:35 a.m.

Are you a star and ready to shine on stage? Don’t let the summer get in the way of sharpening your acting skills! This class will give you the opportunity to continue your practice with creative warm-ups, games and drama activities. At the end of summer school, we will show off your talent with a spectacular performance.

Date: June 3rd-27th, 2019

Broadway Bound Flyer

☐ FACS – Foods (7803) Session 1: 8:00-11:35 a.m.

☐ FACS – Foods (7803) Session 2: 12:05-3:35 p.m.

Choose one of the above FACS Sessions

This exciting family and consumer science (FACS) class will focus on foods. There will be a different theme each week, with students preparing foods using the week’s theme.

Date: June 5th-27th, 2019

FACS Flyer

☐ Health Career Field Exploration at TMC Lakewood (7878)

Students will spend ten days exploring various health careers at Truman Medical Center-Lakewood through training simulations, shadowing and observing. Students will work towards getting their CPR and First Aid Certification. Transportation will be provided from Paul Kinder Middle School and students will need to provide their own lunch. For current 7th and 8th grade students only and limited to the first 25 that sign up. A wait list will be created after that.

*Students that enroll in this class may also enroll in the STEAM Academy (2nd Session only).

Date: June 5th-14th, 2019

Time: 8:40-2:00 p.m.

Health Care Flyer
Science (6603) Session 1: 8:00-11:35 a.m.

Science (6603) Session 2: 12:05-3:35 p.m.

Choose one of the above Science Sessions

This course is designed for students that would like to expand their science skills over course material taught in grades 6-8 science. Big ideas from the Physical Science, Life Science and Earth Science courses will be covered.

Date: June 5th-27th, 2019

STEAM Academy (6786) Session 1: 8:00-11:35 a.m.

STEAM Academy (6786) Session 2: 12:05-3:35p.m.

Choose one or both of the above STEAM Academy Sessions

This class will focus on Science, Technology, Engineering, Arts and Math skills in practical real world experiences. This class will be primarily hands on with an added focus into computer skills; including coding. Additionally, this class capitalizes on student’s creativity and expression through visual projects and technology skills. Students will experience learning in a variety of ways that will enrich their interest and skills in STEAM studies. Students may choose Session 1 or Session 2 or stay for both.

Date: June 5th-27th, 2019

STEM Intensive (6620)

Would you like to gain skills and experience in practical applications of Science, Technology, Engineering, and Math? Are you interested in Building, Designing, Problem Solving, Architecture, Finance, Aviation and Rocketry? This STEM intensive summer experience is open to students in the BSSD District who have completed 5th and 6th grade in 2018-2019.

Date: June 5th-27th, 2019

Time: 8:00-3:35 p.m.

KIDS IN THE KITCHEN:
IT IS NEVER TOO LATE TO LEARN TO AND TO ENJOY COOKING! COME JOIN OUR SUMMER SCHOOL FOODS CLASS AND LEARN ALL THE TRICKS NEEDED TO SUCCESSFULLY COOK IN YOUR OWN KITCHEN AT HOME. YOU WILL LEARN NEW TECHNIQUES AND BASIC COOKING SKILLS THAT YOU DON’T HAVE THE TIME FOR DURING THE REGULAR SCHOOL YEAR. COME HUNGRY BECAUSE YOU WILL BE EATING YOUR CREATIONS THROUGHOUT THE CLASS.

We will be learning about kitchen safety as well as applying those skills while we create food to eat. You will also be applying kitchen math as you read and follow recipes; all while creating some amazing foods! You will leave with a lot of new ideas and recipes to create at home.

WEEKLY THEMES:
We will have weekly food themes.
Some examples from the past are:
- Baseball Park Foods
- Cuisine Around the World
- Cake Decorating
- Sweet Treats

We will not only be cooking from these different themes, but we will learn about them as well!

LEARNING FROM ACTUAL CHEFS:
You will have opportunity to learn from actual chefs that are in the profession. We will have local chefs come in and speak to the class; as well as work with you on different cooking skills. This is a wonderful opportunity for you to learn from and ask questions of real chefs in the culinary industry.

CALLING ALL FUTURE FOODIES!! EXPLORE.EAT.ENJOY.

Kids who know where their food comes from and how to prepare it will DEVELOP A LIFELONG SKILL THAT IMPACTS THEIR HEALTH IN A POSITIVE WAY. You will have the opportunity to learn where specific ingredients come from, how to follow a recipe, utilize new techniques, and WORK AS A TEAM to prepare favorite meals!
Students will spend 10 days exploring various health careers at Truman Medical Center Lakewood through training simulations, observations and hands-on activities. Students will work toward earning a CPR and First Aid Certification.

June 5 - 14, 2019
@ Paul Kinder Middle School
Summer school dates subject to change based on make-up snow days.

♦ Transportation will be provided from Paul Kinder Middle School to Truman Medical Center Lakewood.
♦ Depart PKMS at 8:40 AM  Return to PKMS at 2:00 PM
♦ Students will need to provide their own lunch.
♦ No cell phone usage during school day due to hospital setting.

* This class is limited to the first 25 applicants. Students that enroll in the STEAM Academy will meet the duration of summer school.

BLUE SPRINGS SCHOOL DISTRICT
5TH AND 6TH GRADE STEM INTENSIVE 2019

Location: Paul Kinder Middle School

Dates & Times: June 5th - 27th 8:00am - 3:00pm

*Summer school dates subject to change based on make-up snow days*

Would you like to gain skills and experience in practical applications of Science, Technology, Engineering, and Math? Are you interested in Building, Designing, Problem Solving, Architecture, Finance, Aviation and Rocketry?

This STEM intensive summer experience is open to students in the BSSD District who have completed 5th and 6th grade in 2018-2019.

Let’s start with this problem to see if you are up for the challenge. Substitute numbers for the letters in this math problem. *(Hint: When using a number for the letter “S” it has to be the same number everywhere there is an “S,” or in all three locations shown.)*

When you have found one (or more) of the 130 solutions, nice work and congratulations, you have qualified for the STEM Intensive!*

*BSSD STEM Intensive is open to the first 60 students who turn in the form with a correct solution.*

Complete the application on the back of this form and return to jmedina@bssd.net or your counselor by Friday, March 29th. Students will be notified of placement by Monday, April 1st.

(Application on the Back)

5th Grade Transition
SUMMER SCHOOL 2019
Blue Springs School District

5th GRADE SUMMER SCHOOL 2019 APPLICATION

Location: Paul Kinder Middle School    Dates: June 5th-27th    Times: 8:00-3:35 p.m.

Summer school dates are subject to change based on the weather make-up dates which might be added at the end of the semester.

All applications are due to your counselor by Friday, April 12th, 2019.

This application is for students who will be 6th graders in the Fall of 2019. Course offerings will depend on a minimum enrollment of 15 students per course and available staff. Students are required to bring their own lunch each day of summer school. District transportation is not provided during the summer school program. Summer school is contingent upon Missouri Department of Elementary & Secondary Education funding. Changes will be communicated to district families in a timely manner if and when they occur.

*All 5th grade Prime Time students will be required to attend this program.

Course Registration

Please select one option.

1.) **5th to 6th Grade Transition Summer Experience (5555):** The goal of this experience is to introduce middle school concepts to students as a jumpstart to their middle school career. Students will focus on core curriculum concepts in Reading, English Language Arts and Math as well as enrichment projects focused on Science and Social Studies skills. Transition to middle school activities will include practice with lockers, rotational classes, exposure to middle school buildings, schedules, and an explanation of middle school expectations.

**5th Grade Transition Summer school is an all-day program 8:00 a.m. - 3:35 p.m.**

2.) **STEAM Academy (6786):** This class will focus on Science, Technology, Engineering, Arts and Math skills in practical real world experiences. This class will be primarily hands on with focus on computer skills coding. Additionally, this class capitalizes on student’s creativity and expression through visual projects and technology skills. Students will experience learning in a variety of ways that will enrich their interest and skills in STEAM studies.

**STEAM Academy is an all-day program 8:00 a.m. - 3:35 p.m.**

K – 4th Grade

SUMMER SCHOOL 2019
The 2019 summer school term operates for 19 consecutive weekdays June 5-27, from 8:00 AM to 3:35 PM. (Summer school dates are subject to change based on the weather make-up dates which might be added at the end of the semester.) For registration purposes, an enrollment form should be returned to the resident school office for each participating student. Students targeted for specialized assistance in reading and/or math are strongly encouraged to attend and will be provided pull-out or push-in services as scheduled by appropriate site staff (parents will be notified in advance if their student is invited to participate). A separate Pre-K enrollment form will be made available to parents of incoming kindergartners. Parents of qualifying Extended School Year (ESY) students will be contacted directly about program specifics. This form should be returned to the resident school office by FRIDAY, APRIL 12, 2019.

**SITE PREFERENCE:** (Please designate only your preferred first and second site choice with a #1 and #2)
___ Daniel Young Elementary ___ Franklin Smith (lunch program) ___ James Lewis
___ James Walker (lunch program) ___ Thomas Ultican (lunch program) ___ Voy Spears
___ William Yates (lunch program)

Pre-K

SUMMER SCHOOL 2019
The district’s 2019 summer school term operates for 19 consecutive school days – June 5 to June 27 – from 8:00 AM to 3:35 PM. (Summer school dates are subject to change based on the weather make-up dates which might be added at the end of the semester.) Site preference should be indicated by placing a #1 next to the first location choice and a #2 next to the second. Parents are responsible for transportation and, if not a district food serving site, must provide a sack lunch and beverage on a daily basis (i.e., food serving sites are designated below with an *). If interested in participating, please complete this form and return it to your child’s resident attendance school by FRIDAY, APRIL 12. Please note that only children enrolled to attend kindergarten during the 2019-2020 school year can participate in the Pre-K summer school program.

**SITE PREFERENCE:** Please designate only your preferred first (i.e., with a #1) and second (i.e., with a #2) choice.
